# Confident kids start here!

Give your child a head start to kindergarten  
at our YMCA preschool.

**In all Y youth programs we try to:**

- Finger paint more and point fingers less
- Do less correcting and more connecting
- Take more hikes, make more kites
- Stop playing serious, and seriously start playing
- Build self esteem first and the craft later
- Teach less about the love of power and more about the power of respect, responsibility, caring and honesty.
- Put a smile on EVERY child's face

**YMCA Preschool:**
